Launching Your ACN Business

Your 5 Step Guide To Success!

Step 2 Create your contact list (15 minutes)

- List at least ten (10) people you thought of during the presentation that might be interested in generating additional income or a career change.**

The Key:

- Don't pre-judge anyone for any reason
- This is where your business partners, customers, and referrals will come from
- Eventually you will want to get a list of 100+

Contacting And Inviting Script

"Hello (Name), (Small amount of small talk)

Listen, are you open to generating additional income or possibly a career change without disturbing what you are currently doing ?

I just saw something I'm very interested in that Donald Trump is endorsing and featured it on an episode of The Celebrity Apprentice. It may or may not be for you, however I'm inviting a few of my closest friends to a 30 minute webinar presentation this coming (date) @ 9:00 PM EDT. Can I count on you?"

If they press you for information:

"It is in telecommunications, technology, and energy industries. This is a way for you to get paid a residual income on an UNLIMITED number of people who are paying their bills on a monthly basis. Can I count on you to listen to the webinar this coming (date) @ 9:00 PM EDT. Can I count on you?"

Get the commitment:

"I really need to know with certainty if you will be able to attend. You see, I would need to reserve a spot for you on the webinar, and they ARE limited. So I don't want to take a reservation from someone else if you're not going to attend. So, can I count on you to be on it?"

Set the follow-up time:

Then set a time to introduce your guest to your upline experienced business partner on a three-way call to have their questions answered. Clear the date/time with your upline leader.
